## MUCH INTEREST IN REFERENDA

### CHILD LABOR AMENDMENT OF CONSENT TO VOTERS

Sanatorium Declares Law Given Opp  
gives Consent of Children

Although not displaying very great interest in the various matters for which, Brookline voters are, nevertheless, apparently becoming more and more concerned with the referendum to be held as the date for the November election draws near. Of particular local interest is the referendum dealing with prohibition of the so-called child labor amendment, and while this has some supporters here, the consensus of opinion is that it is a dangerous and unnecessary statute that is not only undesirable but also unnecessary.

Many prominent professional and business men of Massachusetts are opposed to ratification of the child labor amendment, among the number being Felix Kucharski, the well-known attorney, who, in a statement issued this week, explained the real significance of the law as to show why it should not be approved by the voters of the state. Mr. Kucharski says:

"A large number of voters apparently understand that this proposed amendment deals with the labor of minors in mills, factories, etc., and not at all with work on the farms and in and about the home. This is not so. The language is comprehensive and designedly so, for when the question was raised before the Congress, those of Virginia offered an amendment to limit the power and to exclude from the prohibition 'the labor of such persons in the homes and on the farms, where they reside,' it was refused. The amendment was defeated. Mr. Kucharski also offered an amendment limiting the power of Congress to regulate work in mines, quarries, mills, workshops, factories, or manufacturing establishments of persons under sixteen years of age. This also was rejected by the Congress. (Revised, p. 741.)

"Then we see that the 'power' proposed to be given is all-comprehensive in scope far beyond anything which any state has ever yet been considered and there are those who deny, even to this state, the power to prohibit all persons under eighteen years of age from the labor of children in any form and would want it stopped. But let us see how clearly what and where is this work to be done in Massachusetts. It is admitted

MISS ELIZABETH COVELL

that we have the best child labor in the United States. Forty-six of the forty-eight states have laws today guarding children from excessive labor. But it is and that there are labor abuses of children in a few of these states and that they should be covered by a national law. "It is said that through the points of very broad terms, Congress would never expect to restrict it to the limit that can be trusted to enforce it. (Continued on Page Four)

## RALLY PLANNED BY REPUBLICANS

### TOWN COMMITTEE ARRANGING FOR MEETING NOVEMBER

Place for Club to Represent Town in  
Torchlight Parade

As centered with other municipalities in the town, Brookline has on far less rather quiet politically, but it plans as present being formulated materials as is now expected the town will be the more of at least one big Republican rally in the closing days of the campaign that should arouse local voters and give additional strength to the party candidates for National and state offices at the November election. This will be held at the large auditorium of the Town Hall, probably on "Saturday evening, November 1, under the auspices of the Republican Town Committee, which is arranging for speakers and other features.

Plans are progressing favorably for the formation of a local College and Townsman Club to represent Brookline in the torchlight parade is intended to be held in Boston on the evening of October 20. Local Republicans are displaying considerable interest in the project and with much enthusiasm are preparing indications are that the town will have a good sized delegation in the line. Miss Sylvia H. Holden and Walter D. Allen are supervising the formation of the club for the Town Committee and it is understood that a mass meeting is to be held at an early date for formal organization and the perfection of plans for participating in the parade. It is also said that the club the town will probably be represented in the line by many local men and women marching in the different trade divisions.

The past week has brought continued activity by the registration committee of the Town Committee to enroll on the precinct checklist for the election. Residents not only voters and that it is moving with rapidity as evidenced by the many names added to the rolls in the past six days, almost one thousand. In the connection the committee calls the attention of residents to the fact that registration in Brookline does not close until ten o'clock on Wednesday night and that in the interim between now and then the registers will be in motion at their office on the Town Hall daily from nine to five o'clock and will hold evening sessions next Monday and Tuesday from seven-thirty to nine o'clock and next Wednesday from seven-thirty to ten o'clock at their office and at Isaac Hall and the Brookline Savings Branch, of the Brookline Trust Company. The committee also points out that a resident of any precinct may register at any season, but that interest by naturalized citizens must present their naturalization papers for registration.

## HOUSE AND STREET DIRECTORY

### 1925

Copyright, 1925, W. A. Greenough Co., Boston, Mass.

Giving the precinct number, location of each avenue, court, crescent, path, place, road square, street and terrace, and showing what other streets and places run from it or across it with the number at which they intersect. If you wish to know what streets run from or across Abbottsford Road look in street list and you will find Naples rd crosses at 58, Coolidge ends at 86, etc.

"SPEED THE DELIVERY OF YOUR MAIL." Mail rehandled is DELAYED. 125,000 letters are rehandled daily in the Boston District on account of INCOMPLETE ADDRESSES. Supply your correspondents with your CORRECT STREET AND NUMBER.

\* Preceding a name indicates a telephone at that number.

**H**ERE is what Peter Cooper, who died worth many millions, said of a local newspaper and Directory: "In all towns where a newspaper and Directory are published, every man should advertise in them, if nothing more than a card stating his name and the business he is in. It not only pays the advertiser, but it lets the people at a distance know the town in which you reside is a prosperous community of business men. As the seed is sown so the seed recompenses. Never pull down your sign while you expect to do business."—Exchange.

#### CONCERNING FIRE ALARMS

First alarm to be given by striking four rounds on all bells

Second alarm to be given by striking three blows on all bells followed by one or more rounds of box number

Third alarm to be given by striking five blows on all bells followed by box number

Calls for the assistance from Boston by striking ten blows, followed by box number on all bells

The recall signal is to be given by striking two blows on all bells, except when a second box has been given before the recall signal of the first box has been sounded, then the recall will be two blows followed by the box number

If before the recall is sounded for a first alarm from a given box, an alarm is received from another box responding to the alarm from the first box, all companies that would respond to a second alarm from the first box will answer the alarm from the second box

In case a third alarm has been given and before the recall signal is sounded, an alarm should be rung from another box, all unemployed companies will respond, also engine company from Boston which would respond in case a call for assistance had been rung from that box

# What's in a Name?

W. A. Greenough established a directory business under his own name in 1862 and since that time 62 years ago, we have carried his name. The present Corporation of W. A. Greenough Co. succeeded W. A. Greenough & Co., in April, 1923, and are publishing the same directories under the "Greenough" system, so well known all over New England.

The Green "O" is a distinctive sign in the Directory business and carries service second to none.

No Directory Library is complete without it.

We have experienced foremen and employees in every department and we spare no efforts in improving the service furnished with this name.

Recognizing the value of a House Directory we were among the pioneers to include that additional service in the single volume, and we are the only Directory Publishers who furnish the wives names in all our publications.
